# NEWS OF THE WEEK.

# Gathered from All Quarters,

WASHINGTON. A STATEMENT has been issued by the Treasury Department showing that the total smount of bonds cofunded under the acts of July 14, 1870, and January 29, 1871, up to the persons time is \$1,200, 377,500. The statement shows in addition that there have been bonds sold for resumption purposes since March 1, 1877, aggregating \$90,000,000.

The Ohio Democratic State Conventions of the contract of the convention of the convention

Congress made provision last session for the printing and distribution of consular and other reports to the State Department, and made an appropriation to cover the expense of the work. In order to carry out the will of Congress more thoroughly, Secretary Evarts, on his return to Washington, will establish a bureau in the State Department to be charged especially with the collection, "six publication and distribution of consular information. It will have a chief and distant clerks.

Lattic Rock, Ark., has defaulted on the payment of about \$10,000 interest on its bonded indebtedness during July.

COUNT LOUIS FRANCOIS DE POUR Tains, who came to this country about the same time as Agassiz, whose pupil and fellow worker he became, died at Boston on the 30th.

AT New York City, on the morning of the Blat, the caison leading to the entrance of the Hadson River tunnel caved in, carry-ing with it as frimense quantity of earth. Tweaty-eight men were buried. Eight were soon after taken out bruised but not seriously Twenty-eight men were buried. Eight were soon after taken out bruised but not seriously injured. The other twenty were killed or drowned, as the water from the river flowed in rapidly and soon filled the tunnel. The officers of the company explain the accident by saying that the workmen in coming through the air-lock must have exercised unusual carelessness and both doors of the sir-lock being open at the same time the compressed air was allowed to escape. The compressed air was allowed to escape. The compressed are was allowed to escape. pressed air was allowed to escape. The com-pressed air serves a double purpose, namely, to keep water out and to support the roof of the tunnel. So when it escaped the catastro-

phe was inevitable.

A REMARKABLE murder case recently came before the Criminal Court at Beauvals, in France. The manager of a private lunatic asylum at Villiers was a private ininto asylum at viliners was accused of the murder of an immate named Appert. The asylum contains lunatics of a quiet disposition, who are employed in agriculture, and Appert, who was of a sullen temperament, but manageable if treated mildly, refused manageable if treated mildly, refused to obey an overseer's order to proceed to work. Estoret, the manager, coming up, began to abuse him, and Appert was about to rush on Estoret, when the latter snatched a cane from a cupboard. The cane, however, broke, and Appert struck Estoret twice with a shovel, but was overpowered by the attendants. He was then struck by Estoret, and on his resisting an order to undress to undergo a cold bath. Estoret administered a blow on his arm which fractured it. After the bath, Appert's arm was dressed, and he was kept out of the doctor's sight for five days. of the doctor's sight for five days. One of the keepers urged that he should be sent to the infirmary. Esto-One of the knopers urged that he should be sent to the infirmary. Estoret, feigning consent, placed him in a covered cart, and apparently started for Ciarmont, but, diverging to a by-road, strangled his victim and buried him in the ditch of a potato field. Returning to the arrivers to the stranger of to the asvium, he stated that Appert had escaped. But he had been seen to diverge from the road; the marks of the cart were traced, and the body was ultimately discovered with a cord still round the neck. On his arrest, Estoret alleged that he killed the man in selfalleged that he killed the man in self-
